On a sale - HELLA YES!

Without a discount - No.

DLC's are decent but not long most of the times. 2-3 Hours per DLC is about right.

Wait for a sale :). The season pass for Mafia 3 offers 3 short DLC's that can all be completed in less than two hours and they are all just ok quality wise. Definitely not worth the price they are charging, even on sale. They are all story focused but none of the stories caught my attention. One DLC focuses on driving, another on shooting and the last on investigation and atmosphere. I feel i wouldn't have missed out on anything if i didn't play them.
